

**Enroll Now for Spring 2008**

**OPEN TO ALL MAJORS**

## **NEW BIOTECHNOLOGY COURSE**

***BTEC 2321***

# **CURRENT GOOD MANUFACTURING PRACTICES**

This hybrid course (online and face-to-face) examines current good manufacturing practices (GMP) as they apply to the following industries:

- **Biomedical**
- **Pharmaceutical**
- **Food**
- **Medical Devices**

Meet with industry experts from the biotech industry, pharmaceutical and biomedical industries, including Introgen Therapeutics, Encysive Pharmaceuticals, Agennix Inc. etc. as they discuss and talk about guidelines and procedures that they follow during various stages of the drug and biotech product manufacturing process.

For more information contact Dr. Rupa Iyer, Director of Biotechnology Programs, [riyer@uh.edu](mailto:riyer@uh.edu) or [asc@uh.edu](mailto:asc@uh.edu) for academic advising.
